A letter from the applicant's practice site, detailing the community's commitment to his/her retention, is required as part of the loan assistance program application. This personalized letter should be a brief statement (maximum 500 words) regarding the financial and other support for retention (e.g., guaranteed salary, scope of practice, continuing education provisions, provision of vacation time, etc.) that has been or will be provided by the practice site, individuals, organizations, or local governments. Application reviewers will carefully consider this letter when making award decisions.

The letter should emphasize those things that the practice site has done or intends to do to better assure the applicant's retention. If there is an especially high need for this type of provider at the practice site, information related to this or to recruitment issues can be included in the letter. The letter must also confirm that the applicant's salary will not be offset by a loan assistance program award, if the applicant is selected.

There are two options for submitting this letter:

1. Text, including the date and author's name and title, can be copied and pasted into the box below **OR**

2. An electronic copy of the letter can be uploaded here.

To upload the letter, drag and drop the file to the box below or click on the box and select the file.
